BOOK SYNOPSIS

From the author: I originally wrote this book for people who wanted to have better sex. But then it started winning awards and being used in college sex-ed courses. So I tried to make the book all things to all people, and it started to grow, and grow, and grow. But with this new edition, I've taken the Guide To Getting It On back to its roots. It is 576 pages, which is half the page count of the previous edition, and it is almost \$10 cheaper, at \$19.95. This edition is about you, assuming you are looking for a book that is down to earth, fun to read, and is your best ally when it comes to having really good sex."
