Praise for John Murtagh
You only need to look at how he writes his books to see that he is a great educator and a wonderful general practitioner who teaches in a very practical, intelligent and focused way, Michael Kidd, in Australian Doctor 2005 (as President of the RACGP)

Murtaghs textbooks and his teaching are equally legendary. General Practice, Patient Education and Practice Tips have sold more than 50,000 copies excluding nine language translations and several English reprints in India. John Murtagh was in the top 10 of Australian Doctors 50 most influential people in general practice 2005. General Practice was described as the authoritative source for both established GPs and those starting out; the book has a place in just about every GP surgery in the country. The renowned John Murtagh is Emeritus Professor in General Practice at Monash University; Professorial Fellow of General Practice at the University of Melbourne; Adjunct Clinical Professor in the Graduate School of Medicine, the University of Notre Dame and Guest Professor at Peking University Health Science Centre, Beijing. This new edition benefits from the contributions of Dr Jill Rosenblatt as a second medical author and editor.
